

21st Century News

OCTOBER 2, 2009

- We are in full swing in 21st Century! Classes are in session, excitement is in the air. As I walk through the halls during classes, the wafts of cooking permeate the halls and I peek in to watch **Manhattan Madness**' *'Cooking on a Budget.'* Artistic talents are being explored during art. Scrapbooking is becoming the new rage among the teens and **Mr. Pipa**'s chess class is awesome. We also are offering Reading and Math, which are to improve students' achievement, one of 21st Century's program goals.
- Children took home flyers offering parents a variety of after-school activities. Please encourage students to bring them back signed.
