21st Century News

- 21st Century is running smoothly. Everyday, students are able to choose many of the classes offered. Thank you to the 21st Century staff. Please send home a note letting parents know the last day of 21C before break is Tuesday, December 15th. We will resume Monday, January 4th. Teachers, remind your students to bring back responses from parents.
- The library is up and running and many of the elementary classes have taken out books. I was very excited to hear that everybody really enjoyed the library. The students loved the books and I saw that the teachers found books about winter and are going to use them in their classroom. If you haven't been up there, please feel free to take a look around, you'll be surprised at what you might find. (submitted by **Fran Polster**)
