Great Happenings

- Our busy month continued this week with not only our current curriculum but also on Tuesday we celebrated Aviation Day, Presidents' Day, Famous Black Americans for Black History Month, and we got ready for our Valentine's Celebration with cards, crowns, hearts and learning about the history of Valentine's Day. We are excited to see what new things we will learn next week, but before next week we will enjoy our day off on Monday as we celebrate Presidents' Day. We are anxious to come back to school on Tuesday for more fun and learning. (submitted by **Mariana Irimies**)
- I took an opportunity to visit E-Prep last Friday and was not only impressed with the operation of the school, but also found new motivation and energy to come back to VSH and continue our positive changes to improve our school climate and academic progress of our student body. I encourage all staff to visit E-Prep if at all possible. (submitted by **Michelle Pinozzi**)
