

VSH Great Happenings

OCTOBER 2, 2009

- The 5th & 6th graders in **Mrs. Oeder**'s room are reading George Washington's Socks by Elvira Woodruff. They are very interested in the book and have ASKED if they can keep reading !!! They are really looking forward to the next book that I pick out for them!! In Science class, they are studying the solar system and in Art class they created their own solar system!! You should stop by and see it sometime!! (submitted by **Meg Oeder**)
- Chess Club has been very attractive for many students. They are feeling very good every day. Organizing the Chess Board has been a hot and very interesting topic for last week. The students are very satisfied in Chess Club. (submitted by **Arqile Pipa**)
- We had a great Open House response and the building looked great (even though we couldn't hang anything in the elementary wing). We had perfect attendance in the September for the following elementary students: **Carra Barton, Ashanti Becoat, Cordell Jackson, Terry Rohn and Robert Becoat.** (submitted by **Michelle Pinozzi**)
- We are rolling and falling through weeks in Foundations! We are falling for numbers in Houghton-Mifflin Math! We are hugging and learning about Our Big Wide World! We are using our nature to identify living and nonliving things! We enjoyed our Show-and-Tell this Friday and we can't wait until next Friday! Happy Birthday, Gabby! J Gabby is celebrating her birthday tomorrow, October 3. She will be turning 6! We are looking forward to next week for more fun learning and working!!! (submitted by **Mariana Irimies**)
- **Mrs. Brooks** gave out donuts to **Ms. Alice Nack**'s class as a reward for everyone receiving a passing grade on their interims! (submitted by **Alice Nack**)
